The #SheCan Summit™ is presented by the 501c3 ESO organization, Social Synergy Project. Although the St. Louis entrepreneurship ecosystem is booming with over 20 co-working spaces and 9,000 non-profit businesses operating within our city, many entrepreneurs of color and faith based businesses are overlooked in this ecosystem. #SheCan is a catalyst that will drive *faithpreneurs successfully* toward this ecosystem.

#Shecan Summit™ is a global summit for faith-based female leaders and entrepreneurs who seek training, new collaborators, professional and personal growth to build an enterprise and maximize their impact in the world. Four summit pillars: faith, empowerment, activation, and accountability, serve as the foundation in which training session will be build upon. We are targeting diverse women ages 25-50 who have at least 2 years of experience in leadership or business, \$30,000 in annual income, college graduate, and has faith as a value.

“We've chosen a unique intergenerational approach to designing the #SheCan Summit. Girls Ages 11-18 are also afforded the opportunity to attend GLAMM (Girls Lead And Make Moves) sessions created in partnership with #SheCan. We're also using a combination of an online platform that makes the summit available to women and girls anywhere in the world as well as a live event to create space for personal connection and active participation. 300 women and girls are expected at this year's October 18-19th events. Our vision is to equip and mobilize a movement of transformed women who share their faith and model Godly principles in business and leadership to sustain economic growth.

We are seeking local & global businesses and organizations to partner with us to help make this event truly impactful for women and girls who attend this summit. We have several sponsorship opportunities for you to choose from and we are open to your ideas for partnership.
